MY MOTTO IS DOWNING PJ'S !

I'm a second year Engling – if you don't recognise me, it's probably because I got back from intermission this term ! I've loved being back at Downing and am a converted stash lover – would love to be your stash officer for this year !!!

EXPERIENCE

COMMUNICATION AND SITTING IN THE BUTTERFIELD

I'm really good at staying on top of emails, communicating, and even better at sitting in the Butterfield, so what's an extra few hours every term?

HAGGLING FOR LOWER PRICES

Will I ever shut up about my gap yah and going travelling, and getting low prices (in ethical ways ofc)? I'm keen to look at being persistent with lower prices and potentially subsidising through communicating with Stella (treasurer!).

DISTRIBUTING KIT

In my year off, I rowed at the Uni of Bristol and helped to distribute kit and choose designs. I know how to effectively gauge interest and am very open to ideas ! Expect some forms in your inbox for your wildest stash dreams: pyjamas are just the beginning xx

My experience at UBBC also means I know (and am v passionate about) the ups and downs of different providers, and would be happy to look into these !
