As your 2026-27 JCR BAME Officers!  

A VISION FOR HOME

Hi everyone! We are Shiva and Aaron, first-year medics from Tamil  and Ghanaian  backgrounds. We move beyond just representation to focus on active, vibrant celebration of our diverse cultures at Downing. We understand the importance of finding your sense of 'home' in Cambridge and are dedicated to making that happen for everyone.

Culture day: We don't know how this hasn't been done yet... We're planning to advocate for an annual, student-led cultural spectacle featuring performances, food stalls and a formal!

BAME Slops Takeover: Working with catering to introduce an increased variety of international cuisines.

International Film Nights: Hosting regular film screenings from all cultures from around the world at our very own Howard theatre!

Accessible Advocacy: We will be the link between the JCR and College, with a focus on ensuring voices are heard.

Two Voices, One Goal: Making Downing a more inclusive and culturally rich home for everyone.
